

Memorandum

To: Chancellors

From: William L. Roper

Date: April 9, 2020

Subject: Parking Fees

In guidance issued on April 7, I explained that we would follow a system-wide approach for handling refunds of fees for spring semester housing and dining. After gathering additional information, I understand that some institutions have policies and practices that address the circumstances in which refunds of parking fees may be given. Accordingly, I have concluded that refunds of parking fees should be addressed by each institution consistent with your applicable policies and practices.
